

Evaluation for Athens Area Girls' Math Team

What

Evaluation Day is for girls in grades two through eight interested in joining the Athens Area Girls' Math Team. No evaluation is necessary for the math playgroup. Since AAGMT members work from Singapore math workbooks, or other secondary books, we evaluate where each girl should start the curriculum and whether she is able to work for an hour in the team setting. We also assess her fluency and generally get to know her, mathematically.

Afterwards (right afterwards, if possible) you will receive feedback regarding whether the AAGMT is currently a good fit, and the appropriate book. If the fit is good, then you decide whether to register her for the next season. The registration deadline is three days after evaluation day to allow for book ordering.
